Summer School is exclusive to Y6 students joining Sale High School in September.

The transition from primary to secondary school can be daunting. We have developed our Summer School to give new students the opportunity to familiarise themselves with the school campus, meet some of our school staff and to make new friends. Children will take part in both educational and sporting activities and so should dress appropriately.

Students whose behaviour does not meet the high standards of conduct expected at Sale High School will be asked to leave.

For further information check out our social media pages or website.
