

GCSE Parent Information Evening

Monday 28th March 5-6pm

Dear Parents/Guardians,

As you are aware, all KS4 students will sit their external exams from the week commencing 9th May 2022. Year 10 will continue to undertake their other internal summer exams.

Students and families are encouraged to make the best use of SMHW and the school website to find out more about exam dates and revision schedules.

We will be holding a Parent Information Evening on Monday 28th March 5.00-6.00pm.

This will be an opportunity for parents to learn about revision techniques that we recommend in school and how to best support their children. We will also be giving students opportunities to practise these techniques in class. Further guidance is available on the website.

We encourage students to prepare well in advance leading up to the examinations. Preparation should include, ensuring they have the correct equipment (pen, pencil, ruler in a clear pencil case), specialised equipment may be useful for other subjects (calculator, protractor etc.). Parents/carers can help by providing a quiet space and helping students to get organised.

We hope to see as many parents and carers as possible at our Information Evening but may have to limit numbers due to the size of the hall. We therefore ask that only one parent attends and a reply slip is completed. Places will be allocated on a first come first served basis.

The presentation will be made available on the school website.

Please click the link below to book your space.
