Spring term round-up

This term, our Scholars have engaged in a range of enriching activities and experiences. We welcomed a speaker from the Salvation Army, who spoke about human rights issues and encouraged advocacy among our students. In-house masterclasses provided opportunities to explore various subjects, including science, english, food technology, RE, maths and design technology. Our extra-curricular Model United Nations club has been a great success, with strong attendance from our Year 7 and 8 Scholars. Next term, this opportunity will be extended to our Year 9s, allowing them to develop their debating, diplomacy, and critical thinking skills in a global context.

We ended the term with an exciting external STEM masterclass in collaboration with Sale Grammar and their sixth formers, where students designed and launched rockets, judging their performance based on aerodynamics and flight distance. Our Scholars thoroughly enjoyed the challenge and demonstrated their impressive skills. Finally, we are delighted to have received our Sale Scholars badges, proudly representing who we are and the dedication of our Scholars.

Activities & Experiences this term

Our students visited Sale Grammar to create launch rockets. Some fantastic creations made! Well done. 

 A visit from a speaker representing the Salvation Army, who discussed with our students topics such as human right issues.

A in house science masterclass exploring chemical reactions. 

Our Scholars getting to grips with a food technical. impressive results!

Up and coming events

Looking ahead, we have many exciting events planned. In addition to more masterclasses delivered by our expert teachers, we will be making a third visit to Sale Grammar.

- Year 8 students will visit Manchester University to experience university life and inspire their future aspirations.
- Year 9 will travel to Corpus Christi College, Oxford, for an immersive university experience.

We are also looking forward to a visit from a doctor who will share his journey into the profession and discuss his experiences working in Africa. It promises to be another fantastic term for our Scholars.
